Big thread tonight! Stay tuned, and spread the word.

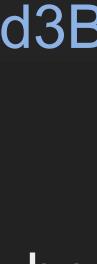

CERN WATCH They're Digitizing Reality. "It's been a while since my last CERN WATCH, but I thought I should discuss something going on in recent months surrounding CERN and this topic. No, I've thrown away kinks, and fetishes. Never did HRT other than processed food, and chem cocktails. I gave all this up for my second true love. I'd love to show her the man I can be for her.

The Antichrist is definitely on the scene. A few things. Two witness dieing in the street. Anti dieing the false prophet breathing life back into him. Ect. Hopefully we are whipped up in a cloud before that. Still I'm not tell the timeline this time. That's where I always mess up. Putting God in a box. We're on his time, not even Satan jumping timelines.

>The brain washing, the nsa stuff, the failed army stuff, the taking estrogen

I feel like you already know forgiveness. The past will turn to joy, and the pain to lesson.
